2. Given that this witness statement is not being given in English proceedings, I wish to make clear the significance attached the statement of truth that I have signed at the end of this statement. As a solicitor, I am an officer of the Court. I therefore owe various duties to the Court, including a duty not to mislead the Court in any way. I am also subject to a number of other regulatory duties, including the duties to act with independence, honesty and integrity.
3. Except where otherwise stated, my evidence is derived from matters within my own knowledge and is true. Where a matter is not within my own knowledge, I indicate the source of it and I believe it to be true.
4. Nothing that I say in this witness statement is, or is intended to be, any waiver of privilege whatsoever.

Background

5. CANDEY acts for Himalaya International Clearing Limited, Himalaya International Payments Limited and Himalaya International Financial Group Limited (together, the "**Himalaya Group**").
6. Himalaya Exchange is a British Virgin Islands ("**BVI**") registered company, named Himalaya International Clearing Limited, trading as Himalaya Exchange (the "**Exchange**"). It operates a

user-to-user, centralised cryptocurrency exchange platform that consists of an engine that operates a continuously matched order book, in respect of virtual asset products. It is a platform for clients to trade, store and manage the Himalaya cryptocurrencies, namely the Himalaya Coin (“**HCN**”) and the Himalaya Dollar (“**HDO**”). HCN is the Exchange’s trading coin, a cryptocurrency priced by supply and demand. HDO is a stable coin, structured with the aim of maintaining its value at 1:1 to the US Dollar. Both coins are Ethereum-based tokens with backwards compatibility with the ERC- 20 standard.

7. Himalaya International Reserve, and Himalaya International Financial Group are coin issuers. The HDO is issued by the Himalaya International Reserve and the HCN is issued by the Himalaya International Finance Group.
8. The U.S. Department of Justice (the “**DoJ**”) has brought proceedings against William Je, the ultimate beneficial owner of Himalaya Exchange, and others, in which it alleges that the Defendants perpetrated a fraudulent scheme through the Exchange (the “**DoJ Investigation**”). Mr Je and the Himalaya Group vehemently deny any wrongdoing whatsoever and are defending themselves to the full extent permitted by law in the DoJ Investigation.
9. As part of the DoJ Investigation, the DoJ has seized the entirety of the the HDO reserve held in cash USD in Himalaya Exchange accounts belonging to customers of the Exchange. This has caused hardship to those customers, many of whom were ordinary people who had invested their own money into the Exchange.
10. On 6 December 2023, 3,539 customers of Himalaya Exchange (the “**Customers**”) filed a motion pursuant to Federal Rule of Criminal Procedure 41(g) for the return of their property seized by the United States (the “**Customer Action**”). The Customer Action is led by Mr Bradford Geyer, a former employee of the DoJ. A website has been set up at himalayarestoration.com which contains further information regarding the Customer Action. The Customers have given their consent for the Exchange to pass on to Mr Geyer their details, including information pertaining to HDO and HCN balances, deposits and redemption information held in their Exchange account. Due to the serious safeguarding and risk of harm concerns this has been done using their unique Himalaya account number (“**HID**”). The Exchange provided the balances as at 10 November 2023 to Mr Geyer in the form of a schedule (the “**Customer Action Schedule**”).
11. The collective position of the Customers is that they are not the victims of any fraud and they have not suffered any losses at the hands of the Himalaya Group. They say that the only losses that they have suffered are as a result of the seizure of Customer deposits undertaken by the DoJ, following which the price of the HCN dropped significantly. Certain Customers have made public statements to the press about the deleterious effect that the seizure has had on their lives, which in certain cases has led to them being unable to access any of their money.

12. The Himalaya Group supports the Customer Action given that it maintains that the DoJ seizure is unlawful and deposits should be returned to the Customers. I understand that the Himalaya Group has instructed two audits of its customer deposits that were undertaken by Armanino, both of which have shown that the Exchange held full reserves equivalent to the HDO they issued to the Customers.
13. The Exchange maintains that it has a duty to its customers to safeguard their assets, in addition to its legal obligations to prevent loss or depreciation of those assets, which includes constant assessment of litigation risk for any failure to act that could result in substantial losses. The Exchange has, at all times, acted with integrity, and has a right to take the necessary steps to ensure that it meets its obligations to its customers.
14. The filings in the Customer Action allege that the Exchange providing information in some way constitutes collusion with the Customer Action. These allegations are unprofessional and are wholly without merit or supporting evidence, as well as being vigorously denied by the Exchange, whose sole objective is to meet its obligations to its genuine customers. The Exchange obtains no benefit from the Customer Action. None of its actions are influenced or directed by any Defendant or any other third party. Indeed; the Customer Action and Mr Geyer are both independent of the Exchange. The exchange takes any untrue or defamatory allegations seriously, and is prepared to take any steps necessary to defend its reputation.

CANDEY's Instruction

15. The DoJ has alleged in the DoJ Investigation that, amongst other things, the Customers do not exist. The Himalaya Group strenuously denies that allegation and avers that there is no factual basis whatsoever to make it. In relation to that, on 12 December 2023 the Himalaya Group instructed CANDEY to undertake an independent review to establish that, amongst other things and contrary to the incorrect assertions of the DoJ, the Customers do exist and have been onboarded as customers onto the Exchange in compliance with the Himalaya Group's stringent compliance procedures.
16. On 13 December 2023, CANDEY instructed Mazars, in their capacity as forensic accountants, to undertake the following as part of an independent investigation (the "**Independent Review**"):
 - (a) conduct a live and independent review of the customer database (the "**HEX Customer Database**") in order to confirm and document the processes and procedures in place relating to customer onboarding at the Exchange;
 - (b) verify that each of the Customers on the Customer Action Schedule has an Exchange account on the HEX Customer Database;
 - (c) identify and isolate a sample of the Customers in order to:

- (i) verify the existence of “know your client” (“**KYC**”) onboarding information;
 - (ii) verify the financial data contained in the Customer Action Schedule against the live data on the HEX Customer Database for this sample; and
 - (iii) verify the redemptions paid (HDO stable coin redeemed back for USD at the rate of rate 1:1) by the Exchange to Customers (according to the Customer Action Schedule) against the bank statements of the Exchange; and
 - (d) carry out a mock onboarding application to any jurisdiction of choice, including but not limited to the United States.
17. CANDEY have closely supervised the processes involved in the experts’ work, and I describe in the following paragraphs the extent to which we have done so. For that purpose, CANDEY attended the offices of a service company to Himalaya Exchange with authority to access the Himalaya Exchange database (“**admin panel**”) on 14 and 15 December 2023 (I attended on both days, and a solicitor colleague attended with me on 14 December). The purpose of CANDEY’s close supervision has been to ensure the integrity and independence of the Independent Review.
18. The Himalaya Group through the service company has allowed CANDEY and Mazars access to all necessary information in order to undertake the Independent Review. No officer, employee or member of the service company, Himalaya Group or of any companies affiliated to the Himalaya Group has in any way influenced CANDEY or Mazar’s work and both CANDEY and Mazars have been able to work unimpeded.

Live and Independent Review of the Hex Customer Database

19. Mazars and CANDEY were provided with access to the Hex Customer Database for the purpose of conducting a live and independent review of it, and to confirm and document the processes and procedures in place relating to customer onboarding at the Exchange, as well as to carry out a mock onboarding. These matters relate to “Instruction 1” and “Instruction 4” in Mazars’ Report.
20. CANDEY participated in the process of opening an account with the Himalaya Group at <https://himalaya.exchange/> as more particularly described in Mazar’s report at section 7.
21. CANDEY was shown the HEX Customer Database and how live customer data is presented in that database. In particular, CANDEY saw how an HID number is inputted and the information that is returned when an HID number is entered into the HEX Customer Database.

22. CANDEY understands that access to the HEX Customer Database is restricted to users with the appropriate access privileges. For instance, the finance department can see top ups, redemption amounts and customer balances but cannot see any other information. Edit privileges are restricted to customer support managers, and senior managers. For other users, any editing button does not work.

Customer Registration and Verification

23. The customer tier system was then explained to CANDEY in the context of the onboarding process. To register and become a customer of the Exchange, one must verify their email address and phone number with two factor authentication (“2FA”). Each customer is assigned an HID number¹ when they have undergone the 2FA verification. ‘No tier’ means that the customer has an unverified email address and in such circumstances that customer would not be assigned an HID number.
24. If a customer is ‘no tier’ for more than 30 days, their registration application is automatically rejected. After that, a customer would be unable to create an account using that email address. A prospective customer would need to get in touch with customer service if they wished to re-register as a customer of the exchange using the same email address.
25. Once a customer has verified their email address and phone number, they are assigned ‘tier zero’ status. At this stage, no KYC checks have yet been undertaken and even if a customer never undertakes any of those KYC checks, he/she will remain ‘tier zero’. Even if the customer goes through KYC and has been rejected, he/she will remain Tier zero.

KYC Process

26. The KYC process consists of a questionnaire, a face scan, a scan of the customer’s identification documents (“ID”) (both scans done using Jumio) and a ComplyAdvantage check.
27. The questionnaire, which was shown to CANDEY as part of the customer onboarding, includes various KYC questions, including points about crypto trading experience, employment status etc. Answers are either selected from a drop down menu or multiple choice. For each answer, a numerical score is given which then, when added up, determines the risk level for that particular customer.
28. Any customer whose risk level is 59 or below is classified as low or medium risk. Those customers (subject to passing their Jumio and ComplyAdvantage checks, as more particularly described below) are automatically approved.

¹ “HID number” (which is a unique account number attributed to each customer).

29. Any customer whose score is between 60 and 75 is deemed to be high risk. Such customers' profiles are escalated to a compliance analyst who must manually review the KYC questionnaire then, if the analyst is satisfied that the customer can be onboarded, the customer's application is escalated for approval to a compliance manager. The analyst must write and record in the system a risk summary statement for all applications requiring manual review by compliance as evidence of the analyst's overall evaluation and understanding of the applicant's risk profile.
30. Any customer whose score is over 75 is deemed to be ultra-high risk. Such customers' profiles are escalated to a compliance analyst who must manually review the KYC questionnaire then, if the analyst is satisfied that the customer can proceed, the customer's application is escalated for approval to the Client Review and Onboarding Committee (which comprises senior decision-makers).
31. Jumio (<https://www.jumio.com/>) is one of the market leading applications for AML and ID validations. A customer must pass a Jumio check to be onboarded as a customer, for which the customer must first provide a live scan of a government-issued ID. Once the customer inputs their government-issued ID (either using the camera on their PC or mobile device) Jumio also then checks their name using ComplyAdvantage (which is a market-leading tool that checks for any adverse media/online information) and their answers to the KYC questionnaire must match with the corresponding information on their ID. Jumio takes the data from the IDs and populates that information in the customer's profile. When performing the face scan, Jumio also confirms that the scan was being done 'live' rather than by use of a picture.

Verifying that each Customer has an Exchange account

32. CANDEY were provided with the Customer Action Schedule and shared that with Mazars for the purposes of the Independent Review. As part of the experts' work in verifying that each of the Customers had an Exchange account on the HEX Customer Database (referred to as "Instruction 2" in Mazars' Report), CANDEY supervised the retrieval of the data for that purpose as I describe in further detail below.
33. Under CANDEY's supervision all Customer data was retrieved from the admin panel for Tier 1 customers by way of a live export of data from the HEX Customer Database to an excel spreadsheet. Tier 1 customers are those customers who have passed all KYC and compliance checks and have been onboarded on to the Exchange. CANDEY saw the input of the search parameters into the HEX Customer Database, the corresponding live data that was then retrieved from those searches on screen, and the export which resulted in the creation of seven Excel spreadsheets. At this stage there was no manual intervention involved in the extraction of the data.

34. The reason that seven Excel spreadsheets were created as a result of the data export was because the HEX Customer Database only allows for a limited number of items to be exported at one time. Under CANDEY's supervision, those seven spreadsheets were combined into one single spreadsheet by copying and pasting the data from each of those seven spreadsheets into one spreadsheet. CANDEY and Mazars verified that the total number of customers listed in the single consolidated spreadsheet added up to the same total as the number of customers in the seven separate spreadsheets.
35. CANDEY then reviewed the columns within the consolidated spreadsheet. We observed that most of the information was irrelevant for the purposes of the Independent Review, but to minimise any manual intervention CANDEY instructed that no columns should be removed simply on the grounds of irrelevance. We then identified the columns that contained personal data that could identify any individual customer. Those columns were the following (the "**Personal Identifiers**"):

username; displayname; fullname; mobile; birthdate; lastcommentby; address11; address12; zip;firstmiddlename; lastname; iddocnumber; city.
36. CANDEY then instructed the deletion of all data contained within those columns and oversaw that deletion. The data still contains Each customer's "HID" number: this is a unique numerical identifier for each customer. The Customer Action Schedule also contains the HID's of the Customers, a point to which I return below.
37. Following the deletion of the Personal Identifiers, all the remaining data was copied to a new spreadsheet, copying only the values rather than the underlying formulae. Again, CANDEY instructed and supervised this process.
38. The Customer Action Schedule was then used to identify the Customers from within the composite spreadsheet by using the VLOOKUP function in conjunction with the customer HID's. That resulted in the identification of customer HID matches from the Customer Action Schedule within the composite spreadsheet and highlighted them. All of the non-responsive (and thus non-highlighted) entries were then deleted to leave only the anonymised customer data for the HID's appearing on the Customer Action Schedule. CANDEY then provided that spreadsheet to Mazars. All of this was done under CANDEY's instruction and supervision.

Identify and isolate a sample of the Customers to verify certain information in detail

39. As part of "Instruction 3" in Mazar's Report, they have identified and isolated a sample of Customers to: (i) verify the existence of KYC onboarding information; (ii) verify the financial data contained in the Customer Action Schedule against the live data on the HEX Customer Database for this sample; and (iii) verify the redemptions paid (HDO stable coin redeemed back

for USD at the rate of rate 1:1) by the Exchange to Customers (according to the Customer Action Schedule) against the bank statements of the Exchange.

40. CANDEY witnessed the process undertaken to do that, which involved the use of the HEX Customer Database to retrieve the information held on each Customer one by one, by inputting HIDs manually for each Customer in the sample.
41. In relation to (i), CANDEY saw the process undertaken to retrieve the KYC onboarding information then to check that against the relevant Customer in the Customer Action Schedule.
42. In relation to (ii), CANDEY saw the process undertaken to retrieve the Customer's financial data from the Hex Customer Database and check that against the financial data for that Customer contained in the Customer Action Schedule.
43. In relation to (iii), CANDEY saw the process undertaken to verify the redemptions information contained within the Customer Action Schedule against the bank statements provided by the Exchange (such bank statements then being provided by CANDEY to Mazars).

Mock customer onboarding

44. Along with Mazars as part of "Instruction 4" referred to in their Report, CANDEY participated in a mock client onboarding. We undertook a test with France as a country of residence and citizenship.
45. After the initial registration screen, we were then presented with security questions. We were prompted to select three questions from a drop-down list of several questions. All were the usual generic security questions. For instance, name of first school, favourite movie, favourite holiday destination etc.
46. Then the system asked us for an email address and password, and to acknowledge that we are not in the US, Canada or Japan or any other jurisdiction that prohibits the holding of cryptocurrency. At that stage, the Exchange's terms and conditions must then be accepted as well as their privacy policy.
47. Once that was complete, we then received an email asking us to click on it to verify the email address used for registration. When clicked, it took us to a page saying, "*Your account has been activated*".
48. Then we were able to log in, but the system prompted us to provide a mobile phone number for the 2FA process. Otherwise, we would be unable to access any functionality on the website.
49. For test purposes, we used the work telephone number of one of the Mazars team. We received a confirmation code with six digits, which was valid for a few minutes. Once we entered it into

the website, we received a message saying that the mobile phone number was successfully verified.

50. The website then displayed a 'complete verification' button. At this point the account did not have any functionality. We were then presented with a list of compliance questions. These are detailed questions around business activity/employment to determine the risk compliance score. We had to select where funds will be received and/or transferred from.
51. After that, we had to provide an ID to be scanned into Jumio. A passport, driver's licence or identity card are the only three acceptable options. A customer can use the camera on their PC or scan a QR code and use their phone, and we opted for the latter. Jumio also takes a face photo. The Mazars team member was immediately rejected because her ID did not match the details entered upon registration. The reason given by Jumio (which is only visible to the Exchange and not the customer) was: "*Full name differs from record.*"
52. After that, a notification appeared on the profile and showed that the customer had been rejected. After clicking on the "rejected" button, the site then said that the customer failed the ID verification process.
53. The Mazars employee also received text messages saying "*please ensure that you enter your full correct name*". Notably, as we saw on the system, her risk score jumped significantly once her ID was rejected.
54. Jumio also completed a ComplyAdvantage check against her name at the same time. In our case the name entered was shown as having passed the checks and no adverse findings were highlighted.
55. A test was also done to onboard as a US resident. The system did not have a US country selection and therefore no account could be opened.

STATEMENT OF TRUTH

I believe that the facts stated in this witness statement are true. I understand that proceedings for contempt of court may be brought against anyone who makes, or causes to be made, a false statement in a document verified by a statement of truth without an honest belief in its truth.

The Privacy Disclosure describes how we handle personal consumer financial information we collect in the course of our dealings with you and the circumstances under which we may disclose that information to affiliated companies. Except as noted in Section 4.1, MBI does not expect to share information collected from you during the application process with third parties, except as required to verify your identifying information or credit history. 5. **GENERAL TERMS**

5.1. Account Opening and Ownership

We will rely on information you give us in order to open an Account and determine its legal and beneficial ownership. You agree and acknowledge that we may rely on the information in our books and records to determine the owner(s) of your Account.

If the Account owner is a corporation, unincorporated association, limited liability company, limited liability partnership, fiduciary, partnership, sole proprietorship or other legal entity applying in any capacity other than an individual capacity, each person signing the signature card or completing other application requirements represents and agrees that they:

- are fully authorized to execute all documents or otherwise complete our requirements in their stated capacity;
- have furnished all documents or other information necessary to demonstrate that authority; and
- will furnish other documents and complete other requirements as we may request from time to time.

We may refuse to recognize any resolution affecting the Account that is not on any form with which we provide you or that appears to us to be incomplete or improperly executed.

Changes to Account Information. When you ask us to make a change to this information or your Account, and we agree to the change, the change is not effective until we have had a reasonable time to act on the new information.

5.2. Reliance on Information

When we process transfers to and from an Account, we may rely upon our records regarding the ownership of the Account and the terms of this Agreement at the time we process the transaction. We do not have to inquire about the source or ownership of any funds we receive or about the destination of any withdrawal from an Account. When we permit a withdrawal from an Account at the request of any signer, or the agent of any signer, in accordance with the terms of this Agreement, the withdrawal is a complete release and discharge of MBI from all claims regarding the withdrawal.

5.3. Management of Your Account

You agree that you are solely responsible for the security of your account password and login credentials. To the extent you share this information with an authorized agent(s), or if the integrity of your account password and login credentials is compromised due to actions outside the control of MBI, you specifically agree to assume the risk of any unauthorized acts by your authorized agent(s) or others. You specifically assume the risk of any loss, costs, or expenses caused or incurred thereby if you do not maintain adequate control of and properly manage your Account, including any failure to change or update passwords and login credentials on a reasonable and timely basis.

We may rely conclusively on the validity and binding effect of any item signed, drawn, endorsed, executed, delivered, presented, issued, or otherwise transferred by you or any authorized agent, and you are expressly estopped from denying the validity of any such item and binding effect and authorization of any such action. We shall be under no duty to investigate the authority for the execution and/or delivery of any item or document or the application of any proceeds thereof.

5.4. Assignment of Your Account

No pledge, assignment, or other transfer of any Account by you, whether by purchase and assumption, assignment, sale, merger, acquisition, gift or otherwise, shall be binding on us unless acknowledged by us in writing. Unless we agree otherwise in writing, the Account will remain subject to our rights of set off even after we receive notice of the transfer.

We reserve the right not to acknowledge or accept any attempted transfer of an Account. We are not required to accept or recognize an attempted assignment of your Account or any interest in it, including a notice of security interest, or deposit account control agreement, except as required by law. If you have granted to us a security interest in your Account to secure debt you owe to us, we will be deemed to have control of your Account under the Uniform Commercial Code.

6. CUSTODY ACCOUNT SERVICES

6.1 Our Relationship with You

Appointment of Custodian. Client hereby appoints MBI as custodian (the “**Custodian**”) of all Fiat Currency and Digital Asset amounts Client transfers to the possession of Custodian for safekeeping in the Client’s Custody Account, and MBI hereby agrees to serve as custodian of all assets held in the Client’s Custody Account. In its capacity as Custodian, MBI shall hold, possess and administer the Client’s Account in accordance with (i) the Client’s instructions; and (ii) the instructions of Client’s Authorized Persons; and, (iii) the terms of this Agreement. MBI shall identify on its books and records the Fiat Currencies and Digital Assets belonging to its Clients, whether held directly or indirectly through Subcustodians, which MBI may employ to hold Client assets in its sole discretion. Fiat Currency and Digital Asset amounts held at MBI through its Subcustodians may be subject to the terms and conditions of MBI’s agreements with such Subcustodians. MBI may, at any time, cease utilizing any Subcustodian and/or may replace a Subcustodian with a different Subcustodian.

Standard of Care. In performing its duties under this Agreement (other than its duties as a custodian), MBI shall exercise the degree of care of a reasonable person. In performing its duties as custodian, Custodian will exercise the degree of care that a reasonable person having responsibility for safekeeping such assets as it has been appointed to hold and possess would exercise under the circumstances.

6.2. Instructions Regarding Management of Custodial Funds

In furtherance of its responsibilities as Custodian, and subject to the limitations and qualifications of this Agreement, Client instructs Custodian to:

- (i) Safekeep Fiat Currency and Digital Asset amounts transferred into the Custody Account (the “**Custodial Funds**”)
- (ii) Monitor and maintain the Custodial Funds;
- (iii) Manage the Custodial Funds in accordance with Section 6.3 of this Agreement;
- (iv) Keep timely and accurate records regarding the deposit, disbursement and investment of the Custodial Funds; and,
- (v) Prepare such periodic statements regarding and access to information pertaining to the Custodial Funds in the frequency and manner contemplated in this Agreement.

6.3. Management of Funds Held in Custody

Unless otherwise required by applicable Laws, Fiat Currencies and Digital Assets transferred to the Custody Account shall be held (i) in a legally segregated, operationally commingled account (an “**Omnibus Account**”) at one more commercial banks or other financial institutions selected by MBI, in its sole discretion, to act as a subcustodian (each a “**Subcustodian**”). Omnibus Accounts will be in the name of MBI acting as Custodian for the benefit of Clients. Fiat Currencies transferred to a Custody Account may be held in cash or invested in Cash Equivalents. MBI is capable of identifying on its books and records the cash and Cash Equivalents held for the benefit of Clients, whether held directly or indirectly through Subcustodians, in a manner consistent with 12 C.F.R. § 330.5(a)(2).

Management Fee. Cash and Cash Equivalents held in Omnibus Accounts with our Subcustodians may (or may not) generate interest earnings in MBI's Subcustodial accounts. Except as otherwise provided in this Agreement, all interest earned on any Fiat Currencies held by Custodian on behalf of Client shall be payable to Custodian as consideration for the custody services provided to such Client.

6.4. Additional Custody Account Features

Additional Fee Disclosure	As noted above, you are not responsible for paying any fees to MBI for opening and maintaining this Account, although we may deduct certain interest earnings in consideration for our custodial services.

6.5. Not FDIC Insured

Fiat Currencies placed with MBI are **NOT INSURED** by the Federal Deposit Insurance Corporation nor by any government-sponsored or non-government sponsored insurance scheme or product in the United States or in Puerto Rico.

7. **TRANSFER SERVICES**

You may direct certain transfers of funds to and from your Custody Account, as described in this Section 7, subject to the limitations in Section 7. From time to time, without prior notice, MBI may add or eliminate its transfer Services, or otherwise modify the terms or features of any of its Services.

In addition to its Custody Account services, MBI currently offers the following transfer Services:

a. Wire Transfer Services

For transfer transactions, your request will be completed only if you have sufficient funds in the account from which you wish to transfer funds and, in the case of like-titled accounts, the accounts are linked for transfer capabilities. Dollar limitations may be set according to the account type and/or the type of online transfer service you are utilizing to transfer funds. These limitations are set for security reasons and may not be disclosed for that reason. Transfers may be delayed based on the time of transaction

and the type of transfer service you are utilizing to process the transfer. Certain types of transfers are subject to additional terms and conditions set forth below.

7.1. Funding Your Account

You can fund your Account with MBI by linking an External Account and initiating a transfer. MBI accepts Society for Worldwide Interbank Telecommunications Payments ("**SWIFT Payments**") and the Federal Reserve Wire Network ("**Fedwire**") transfers for Fiat Currencies. Transfers of Fiat Currencies will not be credited to a Custody Account until the transfer of such Fiat Currency to such Custody Account has been settled, as determined by MBI.

7.2. Linking External Accounts; External Account Transfers

A Client may connect or link an External Client Account to its Account for the purposes of making transfers to, and withdrawals from, such Custody Account; provided, however, that no External Client Account will be connected or linked to a Client's MBI Account unless MBI, in its sole discretion, approves the External Client Account for use in connection with transfers to and from the Custody Account. MBI may rescind its approval of any External Client Account at any time. With respect to each transfer to and from the Custody Account, Client must designate an approved External Client Account as the source of the transfer into the Custody Account or the destination for the transfer out of it.

By utilizing this transfer service, you authorize MBI to initiate ACH debits and credits on your behalf, for your convenience, in any amount you authorize. MBI may impose limits on the amounts for risk management purposes which restrict these amounts on a daily, weekly, monthly or other periodic basis. MBI may terminate this service at any time for any reason.

To revoke this authorization, delete the linked account from your MBI Account and notify us of the revocation in writing. You agree that the revocation of authorization is not effective until MBI has opportunity to receive and act on the notification. In all cases, we will consider the revocation of authorization effective upon our receipt and confirmation in writing to you of said instructions.

Limitations on Transfers to External Accounts

Right to require advance notice of withdrawals. For all amounts held in Custody Accounts, MBI reserves the right to require at least seven (7) days' prior written notice of your intent to make a withdrawal. Although we usually process withdrawals without prior notice on our Custody Accounts, doing so does not mean that we give up that right to require prior written notice of seven (7) days' or more.

Right to limit certain types of transfers. MBI reserves the right to impose limits on the number of certain types of transfers you can make each month from your Custody Account. Although we typically do not limit the number of certain types of transfers you can make each month, we may decline to process more than six (6) electronic transfer requests from your Custody Account to an External Account in any one 30-day period. If you exceed the transfer limits on more than an occasional basis, we may close your Account, with or without prior notice to you.

Unfunded Transfers. MBI does not offer or provide overdraft services and, therefore, cannot process unfunded transfers. All transfer requests to an External Account exceeding your current Available Balance will be declined without liability to MBI.

Limitation on Liability. We may refuse to allow any transfers without creating liability to you if we have a concern that one or more transactions in your Account may have been unauthorized or fraudulent, if there is a dispute concerning the Account that makes us uncertain regarding the instructions that have been given, the account is garnished or attached, the Account has been pledged to MBI as collateral for a debt, the availability of the funds held at MBI cannot be verified, any required documentation has not been presented, or you have failed to repay an obligation to us on time.

8. FUNDS AVAILABILITY

Although MBI does not offer transaction accounts, it is generally our policy to follow U.S. federal guidelines for funds availability where applicable to our Service. As described above, the only method of funds transfer accepted by MBI for its Custody Accounts at this time is wire transfer via SWIFT or Fedwire.

8.1. When Are Funds Available?

For determining the availability of your funds, every day is a “**business day**,” except Saturdays, Sundays, and federal holidays. If you make a deposit before 3:45 PM EST on a business day that we are open, we will consider that day to be the day of your deposit. However, if you make a deposit after 3:45 PM EST or on a day we are not open, we will consider that the deposit was made on the next business day we are open.

Wire Transfers

Funds from the following transfers to established Custody Accounts are available on the first business day after the day of your transfer:

- Wire Transfers

8.2. Processing Transactions

Posting transactions to your Account impacts your Account balance. Posting a credit increases your balance. Posting a debit or hold reduces your balance. Transfers into your Custody Accounts will credit your Account. Transfers out of your Custody Account will debit it. Your Account may also be debited for the payment of fees, including fees owed to MBI for its Services.

It is generally not the policy of MBI to process more than one transaction in your Account in a single day. To the extent MBI deviates from this policy, you agree that we may in our discretion determine our posting orders for the transactions, as well as the order in which we post debits and credits to your Account.

9. INSUFFICIENT FUNDS AND OVERDRAFT PROTECTION

We do not authorize overdrafts on your Account under any circumstances or extend credit on your behalf to cover them. All transfer requests must be fully funded by your Available Balance.

10. FEES & SET-OFF

Your Account is subject to the fees described in this Agreement and detailed in the Schedule of Fees, which is available at <http://www.mercantile-bank.com>. The Schedule of Fees that applies to your Account is a binding part of this Agreement. By entering this Agreement and becoming a Client, you agree to pay any fees listed in MBI’s Fee Schedule, as updated from time to time by MBI in its sole discretion and published to its website or communicated to you by Electronic Means. Client agrees to pay Account fees in a timely manner, and hereby authorizes and directs Custodian to direct a deduction from the Custodial Account in an amount equal to the value of the then-outstanding amount owed to MBI. If there are not enough funds in your account to cover the amounts you owe us, we may deduct up to the full remaining amount and close your Account, without being liable to you. If you or any of your Affiliates owe money to MBI, or to any Affiliate of MBI (including Affiliates that provide services to MBI), we reserve the right to deduct all amounts owed by you or your Affiliate from any Account you control with us. If you believe the amounts withheld from any of your Accounts are in error, you agree that your exclusive remedy is to seek arbitration of your dispute pursuant to the dispute resolution provisions contained in Section 11.8 of this Agreement.

Client acknowledges that it may be required to forfeit any and all Client Assets in its Accounts to the appropriate authorities. As part of the BSA/AML Requirements and OFAC Requirements, MBI is required to obtain, verify, and record information that identifies each Client (and the related User(s)) who opens an Account. 11.3. Suspension of Services

In the event of any Force Majeure Event or any other event that would make providing any Service to Clients commercially unreasonable for MBI, MBI may, in its sole discretion and without any liability to any Client, with or without notice, suspend or limit any or all of the Services provided to Clients.

In the event that any Client breaches any terms of this Agreement, MBI may, in its sole discretion and without any liability to such Client, with or without notice, suspend or limit any or all of the Services provided to such Client.

11.4. Investigations, Governmental Authorities and Legal Proceedings

MBI may initiate and carry out an investigation into any matter related to this Agreement or the use of any Service.

MBI will strictly comply with any order or writ of attachment issued by any Governmental Authority (including the Treasury Department and the Internal Revenue Service). As a result, MBI could among other things be obligated to (i) freeze access to Client Assets, or (ii) deliver Client Assets to a Governmental Authority or other Person. Regardless of the terms of such attachment, garnishment, levy or other state or federal process, we have first claim to all funds in your Account. 11.5 Setoff and Security Interest Rights

You hereby grant to MBI as agent and representative of its Affiliates, a security interest in all of your Accounts and all of the Custodial Funds, investment property, financial assets, securities, instruments, general intangibles, or cash and other funds that may be deposited and held in such Accounts whether now existing or hereafter arising or deposited therein in the future together

with all proceeds thereof as security for obligations now or in the future owing to MBI or its Affiliates by you or your Affiliates. These obligations include both secured and unsecured debts. We may take or set off funds in any or all of your Accounts with us for direct, indirect and acquired obligations that you or your Affiliates owe us or our Affiliates. These rights are in addition to other rights we have to take or charge funds in your Account for obligations you or your Affiliates owe us or our Affiliates. You and your Affiliates and MBI hereby agree that each item of property (whether investment property, financial asset, security, instrument, general intangible, Custodial Funds or cash) credited to an Account shall be treated as a "financial asset" within the meaning of Section 8-102(a)(9) of the Uniform Commercial Code as in effect in the State of New York from time to time (the "UCC"). MBI hereby represents and warrants and agrees that it is and will at all times be acting as a "securities intermediary" within the meaning of Section 8-102(a)(14) of the UCC and that each Account is a "securities account" within the meaning of Section 8-501 of the UCC. As used herein, the terms "Financial Asset," "Investment Property," "Proceeds," and "Security Entitlement" shall have the meanings set forth in Article 8 and 9 of the UCC. You for yourself and on behalf of your Affiliates agree that MBI as secured party for itself and its Affiliates may issue entitlement orders to MBI as securities intermediary with respect to an Account and the financial assets credited thereto and that MBI is authorized to act on such entitlement orders without your consent or the consent of your Affiliates upon the failure of you or your Affiliates to make timely payment of any obligations owed by you or your Affiliates to MBI or its Affiliates. MBI as agent and representative of its Affiliates and as secured party is entitled to exercise all remedies available under the UCC.

If the law restricts our ability to take or set off funds in your Account or the Account of your Affiliates, or if some government payments are protected from attachment, levy or legal process, to the extent that you may do so by contract, you waive those conditions and limits and authorize us to apply funds in any or all of your Accounts with us or our Affiliates to obligations you or your Affiliates owe us or our Affiliates.

Exercising these rights may result in early withdrawal penalties or may cause us to dishonor items should our action result in non-sufficient funds in your Account.

In the case of a joint account, Business Account with joint owners/authorized users we may exercise these rights against the Account and all owners. These rights exist no matter who contributed funds to the joint account. Similarly, each joint owner agrees that we may use the money in their individual accounts to satisfy obligations in their joint accounts.

11.6. Limits on Liability

(a) MBI DISCLAIMS ANY AND ALL WARRANTIES AND REPRESENTATIONS, EXPRESS OR IMPLIED, REGARDING ANY SERVICE, OR TECHNOLOGY, OR THE RESULTS OBTAINED BY USE OF ANY SERVICE OR TECHNOLOGY, INCLUDING ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.
